The week of October 5, 2020 has been redesigned to allow for testing on Tuesday, October 6 and Friday, October 9. Students will attend their normal Purple Day classes on Monday, October 5 and Tuesday will be an asynchronous learning day with Advisory activities and academic resource, affording students the opportunity to be tested on campus for COVID. Families are encouraged to schedule testing around a student's academic schedule. The remainder of the week will continue Wednesday with a White/Purple/White academic day sequence.

The final step of preparing for the hybrid learning environment includes class meetings with the student body. Tuesday, October 13, and Wednesday, October 14 will also be asynchronous learning days with different events for each class occurring each day. Freshmen will attend their Freshman Retreat on campus Tuesday while the remaining grades have Advisory activities, class meetings and academic resource time. The Juniors will take the PSAT on Wednesday, while other students attend a program designed by our counseling department and attend another class meeting.

The hybrid schedule will begin with the A Group attending Purple Day classes on campus, with classes starting at 8:00 am and ending at 2:30 pm. Please be sure to complete the Pinpoint Health Screening Tool prior to arriving on campus and allow enough time for the check-in process.

Below you will find the dates that each group will be on campus for the remainder of the 2020 calendar year. Please note that specific grades will be invited to attend on Wednesdays and are not included in these dates.
